Conestoga Simbra's

Mortimer EG Bull Sale 15 August 2023

Graeme Currin 082 896 8147

Lot 62 GC209 Conestoga Gandalf. Gandalf is a son of Conestoga Galen pictured top left and EXL1572 Excelsus Irish who is a an Excelsus Aegean daughter bred from Excelsus Penzance. Gandalf's great grandfather is Excelsus Galen pictured top right.

Lot 62 GC209 Conestoga Gandalf.

Every now and then a stud is graced or blessed with a special bull. It's amazing how proven bloodlines always come through. I have been privileged to breed with five generations of this blood line. We imported the Diana's Gugi from Dr Otto Herrigel that started this Long, exciting journey of breeding. Gugi bred Galen, Galen bred Klein Galen, Klein Galen bred Conestoga Galen who is the sire of Conestoga Gandalf. I mixed this old proven bloodline with the American PRR Prevail bloodline. Gandalf's dam is Excelsus Irish. Irish is bred by Excelsus Aegean who is an Excelsus Penzance son making Irish a great granddaughter of the great imported bull PRR Prevail.

Conestoga Simbra's

Mortimer EG Bull Sale 15 August 2023

Graeme Currin 082 896 8147

Lot 63 GC254A Conestoga Massey Ferguson. Pictured on the top left is Conestoga Zurainne, M.F Sire. M.F's Dam is Conestoga Avon Lee, and M.F grand sire is non other than the Champion Simmentaler bull Leeupoort Zagreb.

Lot 63 GC2054A Conestoga Massey Ferguson.

I love this stud breeding game. Making Simbra is a passion mixing great cattle genetics and breeding brand new ones. Massey Ferguson has the very best genetics from both the Simbra and Simmentaler breeds. Conestoga Avon Lee churns out top calf after top calf. She is an Excelsus Pioneer grand daughter. M.F's grand sire is Leeupoort Zagreb.

Lot 63 GC2054A Conestoga Massey Ferguson.
